

Double delight for Exchange

THE Haulage Exchange says it reached two major milestones six months after its launch.

The first saw it reach more than 1,000 live loads posted on to the new site, with up to 75% successfully taken up. Its busiest day saw 111 loads posted on the site.

The second milestone saw Armstrong Distribution Services, the Amesbury, Wiltshire general haulier and freight forwarder, become the 200th Haulage Exchange subscriber.
